(a) Sanctioning the revised estimate based on the tender call amounting to Rs 113 778/= This has to be done in the Education Dept

(b) Deciding the Access of the estimated amounting of Rs 12578/= between the government and the Municipality in equal Proportion

(c) To permit the Municipal Council to execute the work through their agency instead of PWD agency PWD services have to be considered in the matter

8) Being a Building Grant of Rs 50000/- sanctioned already, and grant is admissible from out of the Town Improvement Grants - of the Sector and the above points have to be Clarified by the Education Department itself which seems the primary estimate of approved, the proposal may perhaps be transferred to the Education Secretariat

Re-transmitted

The estimate is based on the schedule of rates of 1948-49, which schedule is current now As such the tender is in excess by 32% over the current schedule Since the comparative statement for tenders is not received along with the file, it has not been possible to verify this 32% excess over the estimate The estimate has already been scrutinised by this office vide this office No 2105-C/S dated 30-3-1950

Kind reference is invited to letter No P W 7440 dated 8-2-1950 of the P W Secretary to this office wherein it is ordered that the Municipal Council, Arsikere has been permitted to arrange for the construction of the building

In accordance with the above direction, the sanctioned plans and estimate file has been forwarded to the President Town Municipal Council, Arsikere and the amount deposited by the Municipality has been re-transferred

I am of opinion that duel control may not work well If the Municipality can entertain trained gazetted personnels, the works may be got done through their agency, provided the Accountant General agrees to this proposal The work is a fairly big one costing nearly Rs 1,40,000 Therefore, the Municipality may get the sanction of Government for the formation of a special P W D Sub-Division under its control if the work is to be executed through their agency

As the Municipal Council have called for and accepted the tender, this department has no remarks to furnish regarding the ability of the Contractor or otherwise

that the maximum amount has been given
and that no further grant can be sanctioned
This point is clear

The second point is whether it is possible
to allow the Mlty to draw the Govt grant
of Rs 50,000/— this year or early next year
The Education Secty has observed that the
entire grant cannot be given in one lump
that the Director of Public Instruction will
arrange to pay in instalments as & when
the bills are presented along with vouchers

The third point involved was to limit the
work to Rs 1,01,200/— which is the amount available
The Education Secty has not given any definite opinion
on this Perhaps it can be presumed that the
Mlty has to meet the entire cost over & above

Subject Regarding the construction of a building for the Municipal High School at Arsikere

Adverting to Government Order No E 3866-67/Edn 45-47-122 dated 15-10-48 sanctioning a building grant of Rs 50,000/- in respect of the above, the work being executed through the Public Works Department agency, I write to state that the Deputy Commissioner, Hassan District Hassan in his letter No M1 397/51-52 dated 12-7-1951 (copy enclosed) says that the revised estimate for the construction of the Municipal High School building is for Rs 1,06,500/- The Municipal President Arsikere (vide letter No P R 234/50-51 dated 1-7-51 copy enclosed) invited tenders and the lowest tender of Sri P B Nanjappa is for Rs 1,13,778/- excluding certain items of work This tender is 32% above the estimated cost The President recommends that the tender of Sri P B Nanjappa may be accepted and that the extra cost involved be met in equal proportion by the Municipality and Government

The President and some members of the Municipal Council, Arsikere and the Amildar met me in this connection and explained the situation The tender now received is for Rs 1,13,778/- as based on rates and

P T O

which is said to be the lowest received is only for the ground floor portion of the structure which is estimated to cost Rs 87,200/-

As the excess of the revised estimate over the original estimate works out 32% of the original cost sanction of Government is necessary for its acceptance

In the interest of the speedy execution of the work as urged by the Deputy Commissioner and also in consideration of the fact that there will be no commitment to Government as agreed to by the President of the Municipality, I recommend that the lowest tender of Sri B P Nanjappa may be accepted by Government

The estimates received are put herewith for reference and return

3 i r,

With reference to the above subject, I have the ho our to state that the unicipal Council has accepted the lowest tender received from - Sri B anjappa for the construction of the High School which is about 2% over and above the estimated rate

This tender has been forwarded along with the other tenders received and the sanctioned plan and estimate for your kind approval and sanction, - through the Deputy Commissioner, Hassan District, Hassan The amount credited to the Public Works department by the Council from the unicipal funds for this purpose has been refunded and the amount is at the disposal of the unicipal Council to undertake the work

This proposal of constructing the High School is pending since about ten years and the public are bitterly agitating the same The authorities of - Sri Shirigere Hostel wherein the classes of the - High School are running at present have given - several notices to vacate the building to use it for running a hostel for which purpose it was constructed

No reply has been received on this behalf Please be kind enough to sanction the tender rate and permit us to issue work order immediately so that the contractor may undertake the work of construction ard complete it within one year according to the condition laid down by the Council
